TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Kensington in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Kensington Town Hall in said Kensington on Tuesday, the 11th day of March, next at Ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To vote by Ballot: To see if the town wishes to accept the amendments to the Zoning ordinance and the addition thereto as proposed by the Planning Board.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. The Selectmen's estimate of expenditures for the ensuing year is $34,869.66.

4. To see if the Town wishes to allow a discount on taxes paid within 30 or 60 days after presentation of tax bills.

5. To vote on the basis of payment and the amount thereof to be paid the Tax Collector for the collection of taxes.

6. To see if the Town will grant the Selectmen authority to borrow money in anticipation of taxes.

7. By petition of Warren Sargent and 10 others to see if the Town will raise and appropriate the sum of Five Hundred Dollars ($500.00) for the improvement of the Recreation Area.

8. To see if the Town will vote to authorize the fire chief to send fire apparatus out of town and receive fire apparatus from other Towns on a donated basis in accordance with the provisions of R.S.A. Chapter 154.

9. To see if the Town will vote to authorize the Selectmen to sell any Real Estate acquired by Tax Collector's Deed, such sale to be by Public Auction.

10. To see if the Town will authorize the Selectmen to sell a portion of a certain tract of land on Moulton Ridge Road bordering land of Norman and Helen Bernier and said Ridge Road, being a strip 15 feet wide and 247½ feet long, starting at the boundary of Gustave Lambert and proceeding easterly along said Ridge Road. The Selectmen recommend retaining a portion of this land for the purpose of straightening and widening said road and conveying the remainder to Norman & Helen Bernier at a negotiated price.

11. To transact any other business that may legally come before the meeting.

Business meeting starts at 7:00 P.M. Polls will close at end of business meeting.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and Sixty-nine.

LIBRARIAN'S REPORT

CIRCULATION

Adult Fiction	1,996
Adult Non-fiction	2,252
Juvenile Fiction	3,157
Juvenile Non-fiction	1,201

160 new books were added to the library collection during the year 1968. 12 new reference books were purchased from the State Aid Fund. One additional reference book, Modern English Usage by Fowler was presented to the library by the State Library as an attendance prize because the librarian attended a Reference Workshop. The Friends of the Library gave the librarian $50.00 to purchase new books for the library. 13 new books were purchased with this gift. Gift books were presented to the library by the Exeter Library, Thomas Powers, The Haines Family and Mrs. Andrew Mertinooke.

The Friends of the Library group continue to give many services to the library. Help with cataloging, book processing, book mending, sorting and storage of magazines, filing and weeding is greatly appreciated by the librarian. The volunteers try to work at the library on the second Monday of each month. Mrs. Horace Gourley is presently chairman of the group.

A work room has been built in the library basement with funds from the Social Library Trustees. Shelves for storage of back issues of magazines have been installed as well as space to store supplies, books to be processed or mended and space to work. When heat has been installed, this room will be put into use.

The Happy Worker's 4-H Club has placed several interesting exhibits in the library during the past year. They have also made drapes to be used in the upstairs meeting room. Several Boy Scouts have given volunteer service to the library while working for merit badges.

The librarian has attended a number of professional meetings during the year. These meetings are very valuable in learning new techniques and keeping up with library procedures.

The State Library continues to do much for the small libraries in the state through the Bookmobile service, centralized book purchasing, central cataloging service, advise and the loaning of books of special interest.

The population of Kensington has increased to the point where the library hours should be increased from 12 to 15 hours a week to meet the requirements under the State Wide Development Program of the State Library. It has been suggested that having the library open on Saturday mornings would be helpful. The trustees have the matter under consideration and due notice will be given when new library hours go into effect.

Respectfully submitted,

Lucy C. Blodgett, Librarian

REPORT OF THE PLANNING BOARD

This past year was a busy one, for the Planning Board held numerous meetings to help guide Kensington towards an orderly and well-planned Town.

Despite delays and set-backs to some of its hopes, the board this year made significant progress. Its proposed ordinances take into consideration some of the proposals in the Kensington Study 1968 (done by the Kensington Congregational Church and the Boston University School of Theology). The board endorses as a particularly urgent and practical interim step the provision to limit the minimum lot size to two acres with a 250 foot frontage.

The board, with the cooperation of the selectmen have seen fit to offer the following amendments and additions to the zoning and land use ordinance adopted May 12, 1959.

Amended Zoning and Land Use Ordinance for the Town of Kensington, N.H. (adopted May 12, 1959 as subsequently amended) as follows:

1) Amend Article 1, Section B, just paragraph, by deleting said paragraph and substituting therefor the following:

"The lot area of any dwelling or residence shall not be less than two (2) acres, having a minimum frontage of two hundred fifty (250) feet abutting upon an approved street or road, except that one dwelling may be located on a lot of less than two hundred fifty feet of frontage or on a lot of less than two acres provided this lot has been duly recorded in Rockingham County Registry of Deeds prior to the passage of this ordinance."

2) Amend Article 1, Section E by deleting said Section and substituting therefor the following:

"This ordinance may be amended by majority vote of any legal Town Meeting at which such amendments are properly presented in accordance with the procedure prescribed by N.H. RSA Chapter 31 as amended from time to time."

3) Amend Article III by deleting said article and substituting therefor the following:

"Every building lot shall have a minimum frontage of two hundred fifty (250) feet abutting upon an approved street or road."

4) Amend Article VI by deleting said article and substituting therefor the following:

" A building permit from the selectmen, indicating compliance with all provisions of this ordinance, shall be obtained prior to commencing the erection, construction, alteration, or reconstruction of any building."

5) Add a new article as follows:

Article (No.) Race courses or test tracks for motor vehicles, whether ovals, drag strips or other configurations are prohibited within the Town of Kensington.

6) Add a new article as follows:

Article (NO.). Signs and billboards are regulated and restricted according to this article.

A. Signs permitted. The following signs are permitted:

1. Signs pertaining to the lease, sale, or use of the land or building on which placed, including signs advertising products or articles sold on the premises.

2. Highway, park, or other regulating signs of the Town or the State of New Hampshire.

3. Signs of a temporary nature advertising events sponsored by non-profit and civic organizations within the Town.

B. Signs restricted. The following provisions shall apply to billboards and signs:

1. No billboard not existing at the time of the adoption of this ordinance or during the year preceding its adoption shall be permitted.

2. No sign shall project within the limits of a public highway (except when placed by the governmental unit having jurisdiction over such highway) or be placed so as to obstruct the view at any highway intersection or so as to endanger traffic.

3. No sign, banner, or other advertising medium not expressly permitted in the foregoing paragraphs and no sign over 12 square feet in area may be erected unless the Board of Selectmen shall rule that the same in the given case and location and under the conditions specified in the permit therfor is not injurious, offensive, or detrimental to the neighborhood.

RECREATION COMMISSION REPORT

The Recreation Commission has begun work on developing the recreational area for the town of Kensington. We have been granted matching funds from the federal government (one of the first three towns in the state) under the Federal Land and Water Conservation Act. This spring the first step of the development was accomplished when the area for the baseball field was cleared and the stumps removed. We were unable to do any further work as our funds were tied up due to an error in Concord. The funds were not released until November. At that time local contractors were invited to submit bids for grading the area. None were received. At the present time the Recreation Commission is in the process of asking for bids again. In addition to the grading, we hope to use the money we now have to install two toilets - a requirement for any area of this type.

This past summer the Recreation Commission sponsored a self-supporting swimming program with Miss Elaine Plamer as instructor. Over thirty children took part. We wish to thank Dr. and Mrs. Young and Mr. and Mrs. Engel for the use of their pools.

Respectfully submitted,
Warren Sargent, Chairman
Joan Engel
Charles A. Bickford

CIVIL DEFENSE REPORT

The town of Kensington does not have an effective Civil Defense Organization. The needs are an educational program, a group organized to handle unusual disasters or emergencies, an emergency operating center and most of all the necessary manpower to handle the work involved.

A rural area such as ours must depend largely on each individual taking care of their own disaster preparedness. A nuclear blast in this area will give survivors about 30 minutes to protect their animals and themselves from fallout. A blast 20 miles away may give us an hour before the fallout reaches us.

This is not much time to get our school children to their homes and there isn't a single town building that has a P F (Protection Factor) of 40 or more .

There is information available at the Library, and anyone desiring more can get it through your local director.

EXETER AREA VISITING NURSE ASSOCIATION
Report on fiscal year, 1968 - Kensington, N.H.

1968 saw the initiation of a visiting nurse service in Kensington.

The town entered into an agreement with the Exeter Area Visiting Nurse Association for home health services. The cost, to be borne by the eight participating neighboring towns, was apportioned on a per capita basis.

This service is a vital link in the total health care of the community and provides professional nursing care, treatments, health instruction, and physical therapy visits to our residents' homes under the supervision and orders of their doctors. It is fully certified to handle all Medicare and Medicaid patients.

Although the year started slowly, visits soon started to increase and continued to do so as our townspeople became aware of the service available. By year's end, a total of 135 Kensington visits had been made. It was gratifying to see the town really utilizing the offered services and to see the Visiting Nurse Association, in turn, filling a need that has long existed among us.

Respectfully submitted,

Victoria Young,
Town Representative to the

REPORT OF THE SUPERINTENDENT OF SCHOOLS

It is a privilege for me to present this first annual message as Superintendent. Certainly, appreciation is due to my predecessor, Mr. Raymond Hoyt, who served the schools of Union #16 for twenty years. Finding the schools fully staffed, instructional materials on hand, and the complex business of the several districts in good order, was of great benefit to me and to the schools.

The new school year began with a Union-wide faculty meeting of the professional staff at the Exeter Area Junior High School on Tuesday, September 3, 1968. On the following day the schools opened for instruction.

The Kensington School opened this year with 151 pupils, a decrease of four (4) pupils from the beginning of school a year ago. This represented a 2.6% decline. There are presently 51 Kensington pupils in the Area Junior High School and 70 in the Area High School

My personal observations of Kensington pupils has been thus far very limited. It was a privilege for me to attend the first P.T.A. meeting and present my views on Quality Education: What does It Mean? There have been the usual problems with buses at the beginning of the year, difficulty on supervision of the playground, and the normal learning problems which confront some children at every grade level, every year. In attempting to serve all of the children of all of the people, these situations are bound to be with us as long as we maintain schools. By-an- large the school has been functioning smoothly and effectively.

The teaching staff has had one change this winter.

Mrs. Kay Cole has resigned as second grade teacher in order to continue her graduate study at U.N.H. She was replaced in January by Miss Susan Dietzler. The present staff and their grade assignments are listed below:

Mrs. Elizabeth Perry, Principal, Grade 1
Miss Susan Dietzler, Grade 2
Mrs. Eleanor Henry, Music
Mrs. Virginia Holder, Nurse
Miss Joanna Irvine, Grade 3
Mrs. Regenia Matthews, Art
Mrs. Patricia Nichols, Grade 4
Mrs. Priscilla Paul, Grade 5
Mrs. Esther Prescott, Grade 6

The Principal, Mrs. Elizabeth (Lambert) Perry, reports on the progress of the school as follows:

When trying to help all children meet with success in school, teachers become aware of the special learning problems many children have. You may be interested in the measures taken to aid these children.

We are fortunate to have the services of many Institutions available to us. Kensington has children being helped by the Rockingham School, Portsnouth Rehabilitation Center, Union 16 Special Class, and Crotched Mountain.

An attempt was made during the Pre-School Clinic last spring to discover and place any child obviously not ready for school in a situation where he could mature.

Much effort has gone into improving the Reading Program. All Grades have books and materials for the child that has fallen behind in his reading.

We also have people come in from the Community

who work, under teacher supervision, with children individually in any phase of schoolwork that needs strengthening.

The school now has a Library. The P.T.A. donated money for all the materials and the School Board donated their time for most of the labor. Mrs. Nora Tuthill has volunteered to come in twice a week to act as Librarian.

Mr. & Mrs. Robert Burns gave the school a piano which now serves the second grade. When money is made available, it will be equipped with rollers, then there will be a movable piano for each end of the building.

Last spring a softball team was organized for the girls and a baseball team for the boys. Mrs. Paul worked with two parents to form the girls' team. The boys were coached by men in the town. Both teams used the school grounds.

It has been a pleasure to work closely with Mr. Fred King, Teacher Consultant, in his vital work as teacher advisor and surriculum developer. Mr. King's comments on his work speak for themselves:

A great deal of careful planning must take place if the elementary school is to accomplish its assigned responsibility for education.

Various study groups this year have been formed to look at curriculum areas. A committee at present is taking a look at our science program. We have a general committee consisting of one member from each grade level. This person in turn works with all the teachers of that grade level in the Union. Programs and ideas are exchanged. The eventual goal will be to come up with the latest in science education for

students in Grades One to Twelve.

We had another committee this past fall to study our testing program. The state is currently sponsoring state testing at Grades 2-4-6 and 8. We decided to adjust our programs to go along with the state program. Grades will be testing each fall with achievement and intelligence tests.

We have a Union Committee currently working on our report cards and reporting symbols. Report cards have been the traditional vehicle for reporting academic progress to parents. Some new report cards are attempting to report a more comprehensive analysis of total growth. The committee will hopefully have a revised ranking procedure ready for the 1969-70 school year.

The Federal Grants continue to occupy a large portion of my time. At present Exeter, Newfields, and Stratham are studying a new Title I proposal. Realizing the importance of a child's first experience in school, a committee is studying a transition type program for the immature six year old. The committee feels it is a much more sensible approach to spend time and energy on preventing problems rather than on remedying them.

Our Title II funds continue to place books and materials into our libraries. I regret to say, however, that we received only half as much money this year due to a federal cut. I do feel this federal grant has provided much needed resource material to aid children's natural curiosity to go beyond the textbook.

The second broad area is that of instructional improvement. This focuses on the degree to which children are actually learning to read, work with

numbers, etc. The committee work mentioned above affects this area. The teacher consultant works with the staff members both individually and as groups. I am aware that school programs and teachers' efforts range over a continuum from traditional to modern, and from conservative to progressive. The main concern is that all children are challenged to use their full potential. It has been a pleasure to have served this community for the past seven years in these two vital areas of curriculum development and instructional improvement. I hope to continue to show leadership in future educational projects --

Mr. Frederick King,
Teacher Consultant

The tuition rates for 1969-70, as approved by the state Department of Education and announced by the Exeter School Board are:

Estimated Per Pupil Cost for 1968-69 - Senior High School -	$651
Rental Charge	37
Total 1969-70 High School Tuition	$688
Estimated Per Pupil Cost for 1968-69 - Junior High School	$580
Rental Charge	40
Total 1969-70 Junior High Tuition	$620

These estimated per pupil costs for 1968-69 compare with the state average per pupil costs of $695 per High School Pupil and $562 per Junior High Pupil exclusive of rental charges. I call your attention to the following tables and reports.

REPORT OF SCHOOL HEALTH SERVICES KENSINGTON ELEMENTARY SCHOOL

To the Superintendent of Schools:

The present and future health of the nation depends in part on the understanding of individual and community health problems by the general public and on intelligent health behavior. This is the goal toward which health education is directed.

Through education only, can we expect returns from our efforts to establish good understanding and practices of health, hygiene, and safety among our young people. We therefore plan to make available interesting speakers, new films, filmstrips, publications and other aids to enrich the health education curriculum - ideally for use in connection with special class units at a time when material will be most meaningful to the students.

As of all special services it is often asked,"Just what is included in this program - do the results balance off favorably with the expense involved. Are we paying too much - or too little"? It is my belief that many are not really aware of just what their school health services encompass and strive to accomplish, and for this reason less philosophy and more facts are projected in my report this year.

Listed below are some of the routine health measures carried out under the supervision of your school nurse during the year:

Maintaining up to date school health records on every child

Heights and weights

Vision screening, necessary referrals and follow-up

Hearing screening, necessary referrals and follow-up

Evaluation of physical examination findings, and follow-up according to recommendations of the school physician

Immunizations of children where advisable by school physician (with parent permission)

Tuberculin testing on children of Grades 1 & 7, and members of the Staff

Dental hygiene program including application of topical fluoride

Free summer dental program for pre-school children in cooperation with the Division of Dental Public Health

Referrals to special services when indicated

Lazy-eye clinics and developmental screening on children 4 to 5½ years (a program to be carried out during the week following the closing of school in June. We hope all parents of children in this age bracket will watch for notices of this important date).

First aid and related services carried out in the office when the nurse is on duty never fail to present the usual program interruption

Elementary counseling where there is no such provision in the school plan must be offered in many instances by the school nurse

Home visits, while held to a necessary minimum, are, nevertheless, an important and time consuming responsibility under school health services

Communication between Principal, teachers, special education personnel, psychological services, school and private physicians, school nurse and parents are of considerable value in promoting an effective team approach. With all personnel working together, mindful of the other's role and in cooperation with the parents, progress can be faster and surer.

Again, these are but several of the many ways in which your school health service endeavors to make profitable use of all too limited time. Here I would like to mention that the State recommendation provides for a School Nurse pupil load of from 350 to 750 and fewer where travelling from school to school or town to town is involved. This school nurse is carrying a pupil load of nearly 1000 pupils enrolled in 6 schools located in five towns geographically spaced from 7 to 21 miles apart. These town are served upon a percentage basis according to school enrollment and each school is visited at least once a week - oftener upon request for special conference by an administrator, teacher or parent.

Parents are welcome and encouraged to visit the health office for conference when there is a health related interest which you may wish to discuss.

Its own role well earned, Volunteer services are increasingly in demand throughout our schools and of inestimable value. I cannot say how very grateful I am for the many hours contributed by the generous and conscientious volunteers in my schools during the past year. Their help and willingness to serve for other-than-pay reward is commendable and they are, indeed, a real part of the school team.

May I express my sincere appreciation of the support of the School Board, Superintendent of Schools, Principal Elizabeth Perry, members of the Staff, and to our school pediatrician, Dr. John Tuthill, whose interest and help has contributed greatly in making this a successful and pleasant working year.

Respectfully submitted,

Virginia Holder
